

Poll Research Results

March 7, 2009 to March 13, 2009

This week's poll results, once again, measure investor perspectives about dealing with a recession. The poll was not scientific and was driven by radio listeners of the syndicated Don Creech Radio Show (www.DonCreech.com).

1. Are we near a bottom in the U.S. stock market?

2. Is it time to buy U.S. stocks now?

3. Is it time to buy international stocks now?
